GREAT BARGAIN MONDAY.

"WHAT MEDICINES ARE MOST CALLED FOR?" asked the reporter of an old druggist.

"Dr. Pierce's preparations," he replied. "They are put up by a physician of great skill and experience and are positively reliable, and with rather a positive guarantee, that they are what they purport to be. They are not 'patent' medicines, but the well-tested, favorite prescriptions of an experienced and skilful physician. His 'Favorite Prescription' for all those chronic weaknesses, peculiar and other derangements peculiar to women, is sold with unfailing success. In cases such, having been sometimes long standing and complicated, it is sometimes necessary to use, and being the most perfect of tonic medicines builds up and strengthens the entire system. Besides, it is sold by us under the 'satisfactory' guarantee of satisfaction in every case, or the money paid for it is promptly refunded. The demand for it is constant, and I am conversant with scores of cases cured by it," concluded the druggist, as he left the counter to wait upon a lady who called for the popular medicine.

Entering after a few moments, the constable visitor of the gentle remarked, "the number of competitive and other so-called 'blood medicines' is legion; but Dr. Pierce's Golden Medical Discovery outsells them all and is in the only bloed-purifier, out of the many which I am obliged to keep upon my shelves, that is guaranteed to benefit or cure in all cases of disease for which it is recommended, or money paid for it is refunded."

"In the line of Pills" remarked the old gentleman, "the little sugar-coated 'Pellets' put up by Dr. Pierce lead all others, both in amount of sales and the general satisfaction they give my customers." At this point the interview was cut short by the appearance of more customers for the wonderful medicines of Dr. Pierce.
